

ORIGINAL
APPLICATION FOR PERMIT

Serial No. 3947

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office APR 29, 1916.
Returned to applicant for correction MAY 13, 1916.
Corrected application filed _____

The undersigned Joe Beane,
Name of applicant.
of Lovelock, County of Humboldt,
State of Nevada, hereby make application for
permission to appropriate the public waters of the State of Nevada,
as hereinafter stated. (If applicant is a corporation give date and
place of incorporation.)

1. The source of the proposed appropriation is unnamed spring.
Name of stream, lake, or other source.
2. The amount of water applied for is one second-foot.
One second-foot equals 40 miners' inches.
3. The water to be used for mining and milling purposes.
Irrigation, power, mining, manufacturing, domestic, or other use.
4. The water is to be diverted from its source at the following
point: See supplemental sheet.

Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land it should be so stated.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

- (a) Number of acres to be irrigated is _____
- (b) Description of land to be irrigated _____
Describe by legal subdivision, or if on unsurveyed land it

should be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

- (c) Irrigation will begin about _____ and end about _____
Month. _____, of each year.
Month.

IF WATER IS TO BE USED FOR POWER, MINING, TRANSPORTATION, OR OTHER USE, SUPPLY THE
FOLLOWING INFORMATION:

- (d) Power to be developed is _____ horse power.
- (e) Works to be located _____
Give 10-acre subdivision on which works will be located, or locate by course and distance to a section corner.

- (f) Point of return of water to stream _____
Describe in same manner as point of diversion.

- (g) Remarks _____

DESCRIPTION OF PROPOSED WORKS

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water is to be stored in reservoirs it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

5. Estimated cost of works

6. Estimated time required to construct works

7. Remarks

For use of applicant.

Applicant.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed cubic feet per second.

Actual construction work shall begin on or before

Proof of commencement of work shall be filed before

Work must be prosecuted with reasonable diligence and be completed on or before

Application of water to beneficial use shall be made on or before

Proof of the application of water to beneficial use must be filed with State Engineer on or before

WITNESS MY HAND AND SEAL this day

Cancelled JUL 14 1916 because of failure

W. W. Kearney State Engineer.

State Engineer.

3947.
APR. 29, 1916.

Fallon, Nevada, April 28, 1916.

To Honorable W.M. Kearney,
State Engineer,
Carson City, Nevada.

Sir:

The undersigned hereby makes application to appropriate certain public waters of the State of Nevada and respectfully represents:

His name and postoffice address is: Joe Beane, Lovelock, Humboldt County, Nevada.

The source from which the proposed appropriation is to be made is an unnamed spring in the Northwest corner of Township 22 N. Range 34 East, Mt. D.B. and M., the same being unsurveyed, about one mile South of East from the Northwest corner thereof

The amount of water which it is desired to appropriate is one cubic foot per second.

Said application is to be made for mining and milling purposes.

Location of point of diversion is at edge of spring as above described; no water to be returned.

The works proposed to be constructed to utilize said water consist of dam, pump and pipe line.

The estimated cost of such works is \$350.

The estimated time required to temporarily construct said works and apply said water to beneficial use is one month; to permanently construct said works, six months.

WHEREFORE your petitioner prays that, after due proceeding had, a permit issue to him for the appropriation of the waters above described for the purposes above mentioned.

JOE BEANE,
Petitioner.

A.L. Haight,
Attorney for Petitioner.

W.M. Kearney
